Sir,

Sub: INDUSTRIES - Sericulture - Government Silk Filatures, Kollegal - Posting of Police Guards - Proposals -

- - - -

The Chief Auditor, Government ~~Textile~~ Trade School, Madras who audited the accounts of the Government Silk Filatures, Kollegal recently had observed in the audit report for 1945-46 as follows:-

"Large amounts ranging from Rs.10,000/- to Rs.40,000/- are being drawn from the treasury at frequent intervals and kept in the double lock of the filatures for meeting advance payments to marketing officers and payment to be made at the filature. This arrangement at times leaves large balances in the double lock. At present a watch both day and night is kept over the premises of the filatures by some peons on turn duty. These peons though designated as sentries have no arms. Having regard to the heavy cash balances as well as the large stock of silk kept in the premises (Silk room) the desirability of arranging for police guards may be considered."

Acting on the above suggestions, the Sericultural Expert Kollegal contacted the District Superintendent of Police, Kollegal and has recommended the posting of an armed police guard, comprising of one head constable and 4 constables. A monthly demand statement of cost in respect of the police guard received from the District Superintendent of Police, Coimbatore is enclosed for the information of Government from which it may be seen that the total monthly expenditure in this respect will be Rs.382--5--0.

There are at present one head sentry and 16 sentries in the filature and the annual expenditure on account of their pay and Dearness Allowance is Rs.7100/- as shown in the statement II attached. I consider, that, in case the police guard of one head constable and 4 constables is posted, the present strength of sentries may be reduced to 5 sentries including one head sentry. Statement No. III enclosed shows the expenditure involved in the proposed arrangement of the police guard and the 5 sentries. This arrangement, if given effect to, will result in a saving of Rs.400/- per annum.

In the circumstances explained above, I request that Government may be pleased to approve the proposal of posting an armed police guard of one head constable and 4 constables and to retain the services of one head sentry and four sentries and to sanction a monthly expenditure of Rs. 382--5--0 towards pay and allowances of the Head constable and the constables besides the pay and allowances for the head sentry and four sentries proposed to be ~~retained~~ retained.

Ref:-Development Department Endorsement No.65282 D.I/48-2, dated 19.7.1948.

The Police Department does not generally provide to other Departments a permanent guard of the kind referred to in the letter of the Joint Director of Industries and Commerce, communicated with the Government endorsement cited. Commercial and industrial concerns arrange their own private guards to protect their property and I suggest that the Industries Department may continue their present system of employing watchmen to guard the factory at Kollegal. The Joint Director of Industries and Commerce may also take steps to provide the present watchmen with S.B.B.L. or D.B.B.L. guns.

2.As regards expenditure, a saving arises because the number of Constables proposed to be employed is much less than the number of watchmen now on duty. I consider that the Joint Director of Industries and Commerce can effect a similar saving by reducing the number of watchmen.

3.Apart from these things, a Police guard, not being subject to the control of the officers of the "Filatures", is likely to be a cause of frequent complaint and it may even lead to friction between the two departments.

4.Besides, there is at present an acute shortage of men in the Force, and I, therefore, regret that it is not possible to provide the Police guard required by the Joint Director of Industries and Commerce.

From the Jt. D.I.& C., No.3919-D/48 dated 28-5-48.

To A.S.

Please see the letter of the D.I.& C. at page 1 c.f. The proposal is for replacing the existing 16 sentries and one head sentry of the G.S.F., Kollegal by one Head sentry, 4 sentries one Head constable of Police and 4 constables.

The necessity for this reorganisation is explained in the audit report of the Chief Auditor, Government Trade School, Madras vide extract at 'M' on page 1 c.f. The D.I.& C. states that this arrangement when given effect to will result in a saving of Rs.400/- p.a. There is ~~therefore~~ no objection to accepting the proposal of the D.I.& C.. For orders whether the proposal at K on page 1 c.f. will be accepted.

The remarks of Home and Finance Departments may be invited.

Home (K) Dept.

Please see the letter from the Jt. Director of Industries and Commerce at p 1 c.f. and the Development Dept. note above. The proposal is to employ an armed police guard consisting of 1 H.C. & 4 P.Cs. for guarding the G.S.F. Silk filatures Kollegal reducing the no. of private Sentries that are now in ~~existence~~ existing. It does not appear that the I.G. of Police was consulted in the matter. The Development Dept. may be requested to obtain the remarks of the I.G. of Police on the proposal before proceeding further in the matter. That dept will no doubt let this dept. to see the case again after the I.G's remarks have been obtained with these remarks the file may be returned to the Development Dept. SUMMARY.

The proposal in this file relates to the replacement of the existing 16 sentries and one Head Sentry of the Govt. Silk Filatures, Kollegal by one Head Sentry, 4 sentries, one Head Constable of Police and 4 constables. Large amounts ranging from Rs.10000 to 40000 are being drawn from the treasury at frequent intervals for meeting advance payments for marketing officers and payments to be made at the Filature, and large balances are left sometimes at the Filature. The Chief Auditor, Govt. Trades School, Madras who audited the accounts of the Govt. Silk Filatures, Kollegal reported that having regard to the heavy cash balances and large stock of silk kept in the premises, the desirability of arranging for Police guards at the Govt Silk Filatures, Kollegal may be considered. The D.I. & C. has accordingly proposed that the existing Head Sentry and 16 sentries may be replaced by one Head Constable, 4 police constables one Head Sentry and 4 Sentries. The D.I. & C. has stated that the proposal if given effect to will result in a saving of Rs.400 per annum to Govt. The I.G. of Police who was consulted in the matter has stated that in view of the acute shortage of men in the Police force and for the reasons stated on p.7 c.f. it is not possible to provide the Police Guard required and that the Joint D.I. & C. may take steps to provide the present watchmen with S.B.B.L. or D.B.B.L. guns and thereby saving can be effected by reducing the number of watchmen. In view of the considerations stated by the I.G. of Police, this Dept. proposed that the idea of having a Police Guard for the Govt. Silk Filatures, Kollegal may be dropped. Home Dept. have agreed. The file may now be circulated for orders whether the D.I. & C.'s proposal to provide a police Guard at Kollegal may be dropped and whether the D.I. & C. will be
